

ENMOTIVE
THE ONE STOP SOURCE

PACKET PICK UP

THIS YEAR AT PACKET PICK UP WE WILL BE USING ENMOTIVE TO ALLOW US TO DYNAMICALLY ASSIGN BIBS.

- This means that you will not be receiving your bib number prior to packet pick up, you will be assigned your number when you arrive.
- All you will need to bring the day of packet pick up is the confirmation email you received once you registered that contained a QR code.
- If you've registered more than one person you should have received multiple confirmation emails with different QR codes.

- Better participant experience
- Faster packet pick-up lines
- The participant can pick-up from multiple lines verses being event and name specific
- Faster packet pickup for friends and family
- Personalized bib for each participant

Keep an eye out for a confirmation email with a QR code resembling this:
